

The B B Bass Man

Way down, underneath the ground
There's the lowest sound of all
I'm talking 'bout, D J - the B B Bass Man he play...

On the stage he makes the scene
He's a low down mean machine
It's D J - the B B Bass Man he play...

He play that Reggae music
He play that Rock and Roll
He can play the sweetest sounds
To soothe your troubled soul

Way down, underneath the ground
There's the lowest sound of all
I'm talking 'bout, D J - the B B Bass Man he play...
