

Michael B's a show-off, he thinks he's very tough
My Mum say's that he's very spoilt and gets far too much stuff
I went round his house on once, and once was quite enough
His bedroom was like being inside a megga Toys R Us

I know we shouldn't do it but we do it anyway
When we go to Toys R Us - us kids all love to play
We ride those scooters round the isles to pass the time of day
But when it comes the time to go Mum puts her purse away

Last night I had a dream oh it was so wonderful
I dreamt I was in Toys R Us and I had ten minutes
To take anything at all
I stacked my trolley up so high at least three metres tall
And then a voice cried in my ear ...
Wake up it's time for school

Toys R Us wo a ol...Toys R Us

Toys R Us wo a ol...Toys R Us

Clap your hands, stamp your feet, move your body to the rhythm of the beat
Look to the left, look to the right, thumbs up, you're out of sight
1 2 3 4 who's that knocking on my door
